Vietnam, the U.S. Command reported that South Vietnamese civilian irregulars led by U.S. Special Forces troops killed 64 Communists two days ago in three scattered actions.

There were no American casualties, headquarters said, and South Vietnamese casualties were light.

The U.S. 1st Cavalry Division's 3rd Brigade reported killing another 25 Communist troops while suffering no casualties in a series of small skirmishes in the coastal lowlands 370 miles northeast of Saigon.

High-flying B52 bombers continued their harassment of the 35,000 to 40,000 Communist troops reported by U.S. intelligence to be operating in and around the demilitarized zone.

The eight-engine Stratofortress struck twice in the DMZ Friday morning, unloading 300,000 pounds of bombs on suspected staging and bivouac areas and gun positions two and four miles northeast of the U.S. Marine outpost at Con Thien.

U.S. Navy cruisers and destroyers also hammered away with their big guns at Communist installations in the southern part of North Vietnam.

The Navy said one cruiser shelled the Hon Me Island radar warning site 32 miles southeast of Thanh Hoa and set off a secondary explosion.

Other 7th Fleet destroyers and Air Force and Marine fighter-bombers joined in the American campaign to prevent another Communist artillery siege of Con Thien like the one last month, Marine outposts along the frontier reported receiving only 22 rounds of mortar and artillery fire Thursday with only two Marines wounded.

Air Force pilots reported destroying or damaging 17 military structures and touching off nine fires in two raids just north of the DMZ. Marine pilots raked artillery positions just north of the zone and reported one secondary explosion.

A military spokesman said there was a possibility of a break in the weather by Sunday, but forecasters predicted another typhoon may hit the Tonkin Gulf area by next Thursday.

Carla gave a taste of the northeast monsoon rains now about to envelop North Vietnam for six months. They will force U.S. airmen to scale down their northern operations.

U.S. headquarters announced that four MIG jets previously listed as probably shot down by American pilots have been reclassified as confirmed kills. But although the previous total had been 86 MIGs downed, the headquarters said this was incorrect and the revised total is only 89.

A spokesman said three of the MIGs probably were downed last April and one in August. He said they have now been classified as kills after extensive study of pilot reports, aerial film and other evidence. U.S. forces have reported the loss of 26 American planes to MIGs.

threat by antiwar demonstrators to ignore government restrictions and employ "acts of civil disobedience" in laying siege to the Pentagon.

The military policemen departed Thursday from 15 to 20 Air Force transport planes were the vanguard of what could grow to 5,000 regulars to handle the 70,000 demonstrators sponsors hope to muster for the weekend demonstration.

Leaders of the National Mobilization Committee to End the War in Vietnam accepted a permit specifying ground rules Thursday but a spokesman said the group intends "to engage in acts of civil disobedience" which could go beyond the scope of the permit.

A demonstration in support of the war is planned in New York City this weekend by the National Committee for Responsible Patriotism. A two-day vigil will be held in Battery Park and five parades will step off in the greater metropolitan area on Sunday.

Participating groups will include veterans organizations, union, fraternal orders and "anyone who wants to march or show any spirit for his country," said Charles H. Wiley, executive director of the committee.

Another thrust against the antiwar movement occurred Thursday in San Marcos, Tex., where students at Southwest Texas State College, President Johnson's alma mater, burned antiwar literature spread on the campus by demonstrators from the University of Texas at Austin.

The Brooklyn college battle began with a sit-in to protest the presence of a Navy recruiting team in a student activities building. Several hundred students turned on police after the arrests.

One policeman was injured in the melee and dozens of students suffered cuts, bruises and torn clothing when a flying wedge of officers fought its way into a student crowd that blocked a roadway.

Wisconsin Chancellor Sewell won the vote of confidence after nearly five hours of heated debate. The professors voted 681-378 in the wake of Wednesday's bloody antiwar campus demonstrations.

Governors in Squabble Over Pledge

By JACK BELL
AP Political Writer
CHARLOTTE AMALIE, V.I. (AP) — Democrats and Republicans at the National Governors' Conference headed today for a countdown in their battle over a proposal to pledge support for President Johnson's prosecution of the war in Vietnam.

Gov. George Romney of Michigan predicted the Democrats would fail to get the three-fourths majority necessary to bring before the conference a resolution expressing "resolute support" for the President's course.

Gov. Calvin L. Rampton of Utah, one of the resolution's sponsors, said he thought the Democrats have a chance of putting it over although 20 of the 44 state and territorial governors at the conference are Republicans.

"When it comes to a showdown of supporting the boys who are fighting in Vietnam, I don't think some of the Republicans are going to vote like they talk," said Rampton.

GOP Govs. David F. Cargo of New Mexico and Paul Laxalt of Nevada said that wasn't the issue at all.

"We just don't think the governors' conference is the place or this is the time to be making policy statements about Vietnam," Laxalt said.

New York Gov. Nelson A. Rockefeller, who supported the decision of a Republican caucus decision to oppose bringing up the Vietnam matter, flew home Thursday and said he saw little chance the resolution would be passed. He added that "we all support our boys in Vietnam, but what the governors say or don't say is immaterial."

Romney disclosed at a news conference that he is trying to draft an alternative course to Johnson's.

He said that as a part of this effort he hopes to visit Vietnam in December and be there for Christmas.

He also said he would use a half-hour television program on Nov. 15 to discuss a recent tour of big city ghettos. But he said he wasn't sure whether he would announce then whether he would seek the 1968 GOP presidential nomination.

The governors already have ducked one controversy—over the open housing issue—with a recommendation of the conference executive committee that a task force report be commended but not accepted officially.

The report, prepared by a committee headed by Romney, laid out a massive program for rebuilding of ghettos, elimination of racial inequalities and adoption and implementation of an open housing law.

Resolutions approved by the executive committee for expected conference acceptance included a fresh commitment to law and order and improved riot control training for police and National Guardsmen.

MANSFIELD (From Page 1)

these departments expires at midnight Monday.

Despite this, Mansfield told a reporter he did not plan to try for Senate action today even if the Appropriations Committee completed a redraft of the House resolution.

He said the government can get along for a few days beyond the deadline just as it did last month when five days went by before Congress renewed an emergency spending resolution that had expired.

The stopgap resolutions reflect a lag by Congress in passing appropriations bills and an effort in the House to force Johnson to cut spending deeply.

That battle is linked to Johnson's request for an income tax increase—shelved, temporarily at least, by the House Ways and Means Committee.

The spending battle reportedly has led to increasing impatience among House Democrats with their party's leadership.

Mansfield said he favored a resolution to continue emergency spending authority until Nov. 15 instead of Nov. 23, and a speed-up in action on remaining appropriations.

He said Congress has the responsibility for appropriation and it was unfair to insist the President specify spending cuts until all money bills have been passed.

Sen. John O. Pastore, D-R.I., said Congress should decide where to cut appropriations and "take the cat off the President's back." Pastore said the House measure would "lead to financial chaos."

Sen. Roman L. Hruska, R-Nebr., another committee member, said the President has a responsibility to take the leadership in saying where cuts can be made in the budget he submitted to Congress.

"He outspat himself, he overdid it," Hruska said. "But everything can't be No. 1. He must have some order of priorities."

Sen. Karl E. Mundt, R-S.D., said that if only a simple stopgap spending resolution were passed, it should be limited to 10 days. "We've got to hold their feet to the fire," he said to a newsmen.

McClellan Says He Is Overwhelmed

CAMDEN, Ark. (AP) — Sen. John L. McClellan, D-Ark., said he was "almost overwhelmed" by groundbreaking and dedication ceremonies Thursday at which the City of Camden and various dignitaries paid him tribute.

More than 1,500 persons honored McClellan Thursday evening by sitting under tents in chilly weather for some two hours after the Senator's groundbreaking speech for the \$14.5 million Arkansas Electric Cooperative steam generating plant while various dignitaries offered him words of praise for his congressional work.

Another 4,000 persons visited the East Camden Industrial Park Thursday afternoon where McClellan dedicated the Arkansas Law Enforcement Training Academy and the new Southwest Vocational Technical Institute.

Words of tribute came from Sen. J. William Fulbright, D-Ark., and Rep. David Pryor, D-Ark.

Messages of congratulations came from President Johnson, Sen. Edward M. Kennedy, D-Mass., Reps. Wilbur Mills, E.C. "Took" Callings and John Paul Hammerschmidt, and Gov. Winthrop Rockefeller.

Sen. James O. Eastland, D-Miss., called McClellan "the most respected man in the Senate" and said that "nobody can get to him with patronage or anything else except the public welfare."

Fulbright noted that McClellan was a man who always makes his position known about an issue and added that "he's one man about whom no one can say there is a credibility gap."

McClellan told 1,000 persons who gathered for the groundbreaking earlier Thursday he only hoped to be able to be there again when the plant is completed in 1971 and "join with you in appropriate ceremonies marking that significant milestone of progress."

Other displays Camden offered the Senator included airplanes flying overhead and parachutists dropping from the skies while thousands milled about the two dedication sites eating box lunches and giving him standing ovations when he approached.

King Sets Date for Jail Term

BOSTON (AP) — Dr. Martin Luther King Jr. has set Oct. 30 as tentative date to start serving a five-day jail term in Birmingham, Ala.

The Atlanta Negro civil rights leader, here to help set up a benefit show, said Thursday night that he will "willingly and cheerfully" serve the term for violating a court order forbidding his participation in an Easter 1963 demonstration.

"I am not an anarchist," King said, "I do believe in civil disobedience but in doing so you must accept the penalty. I have always contended that if you break a law which you conscience tells you is unjust, you must willingly and cheerfully accept the penalty."

Circuit Judge William Barber issued arrest orders for King and seven other Negro ministers after the U.S. Supreme Court refused to overrule their contempt convictions.

King said that if the three ministers who live in Birmingham are arrested, he and the others will join them immediately. Otherwise, he said, the entire group plans tentatively to surrender Oct. 30.

GOLDEN AGE CLUB MEETS

The Golden Age Club held their regular meeting at the youth center Thursday, Oct. 19. Eight members were present and one new member, Mr. Lee was there. The meeting opened with a verse from the Bible read by Mrs. Smith. Minutes were read and approved. It was voted that the name be changed to St. Citizens Club instead of the present Golden Age Club. Mrs. Doyle Wotham won the door prize. Games were played after which pie and coffee were served.

DEANN LILAC CLUB MEETS

Mrs. C. R. Samuel and Mrs. W. H. Burke entertained the DeAnn Lilac Garden Club on Tuesday, Oct. 17 in the Samuel home. The president, Mrs. J. C. Burke, called the meeting to order in a setting of pretty fall flowers.

The hostesses presented an inspiring devotion with Mrs. Burke giving a reading from "The Country Church" followed by prayer which Mrs. Samuel offered. The president had the program entitled "Cover Me Up" in which she gave helpful hints about preparing plants for winter. Members brought fall arrangements and judging them the first and second prizes both went to Mrs. J. C. Burke. Outmeal cake, olives, and speed tea were served to 10 members and 2 guests. Mrs. Freeman Crider and Mrs. D. J. Reynolds.

BRIDGE CLUB MEETS

On Thursday, Oct. 19 the Heritage Bridge Club met at the Heritage House with Mrs. C. C. Lewis as hostess. Mums decorated the serving area, and later, bridge was played at three tables. Club guests for the entertainment

were Mrs. Mildred Rogers, Mrs. M. M. McLaughan, and Mrs. W. C. Bramlett. When scores were tallied, Mrs. Lewis was high, and Mrs. Rogers was second. The consolation prize went to Mrs. K. G. Hamilton and the game prize to Mrs. S. L. Murphy.

DECORATIONS DISCUSSED AT LILAC CLUB MEET

Jack Spates gave an illustrated talk on Christmas decorations, their construction and display, at a meeting of the Daffodil Garden Club Thursday, Oct. 19 in the home of Mrs. Chris Petre. Mrs. Jim Lockhart, program chairwoman, introduced the speaker.

Harvest-time decorations were used in the home, and the business session was conducted by the president, Mrs. Jerry Alexander. A door prize was won by Mrs. Charles Wilhite. In addition to the members, Mrs. James Argo, Mrs. John Shaw, and Mrs. Bill Rounton were also guests.

Mrs. Petre and her co-hostess, Mrs. Bruce Duke, served gingerbread and apple cider to 19.

Joan Crosby's TV Notebook

By JOAN CROSBY

NEA Entertainment Editor

NEW YORK—(NEA)—From the outside looking in, young, handsome and talented John Davidson has come a long way in a short time.

Three years ago he burst on the television scene in The Entertainers, an unsuccessful series which nevertheless brought him national attention. Since then he has made records, appeared in a New York revival of "Oklahoma," had his summertime series on television, made two films for Walt Disney, one of which, "The Happiest Millionaire," is now in theaters, crossed the country with college concert tours, played the supper club circuit, signed an exclusive, long-term contract with ABC-TV, which will present him in his first special John Davidson at Notre Dame on Oct. 27.

But from John's point of view, what looks like a meteoric rise to others, is a local train to Portland.

It takes a long time," he said.

The thing he would like is a weekly television series, and if his special is well received, there is a possibility of the format being put to use as a second season or next fall series.

I love TV, and I think variety is what I do best. I sing best when I sing every day from 9 to 5, and TV is the thing that allows that."

There's one other thing that John would like in his life: a wife.

"Here I am, 25, a bachelor, I have a new house, four horses, a dog. The house is fully furnished. I have everything but the love of a wife to

JOHN DAVIDSON

put in it. I would like to be married. I have a shell of material things, but I want companionship. I'm convinced, too, that she won't be in show business. But when you are in show business, how do you meet a girl you would want to marry?"

John whose stature as an entertainer has grown tremendously in three years, is still not overly confident. Objectively, he views his performance in "The Happiest Millionaire" as "a good start. But it's not what I want to do. I'm very nice in it, so all variety is what I do best. I American. I don't just want to play nice guys, but I'm stuck with it. I guess I'm a nice guy in comparison to some others."

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, It welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

HIS YARN HAS HOLES IN IT

Dear Helen: My wife is the suspicious type. Would you please tell women that circumstantial evidence shouldn't hang a man. After she found lipstick smeared cigarettes in the car as tray, she doesn't smoke, she has been a regular Sherlock Holmes. She came up with a blonde bobby pin in my pocket, she's a brunette. Then she snooped in my wallet and found the name and address of a woman, who is a business acquaintance. Can I help it if her first name is Yvette?

She sniffs the car for perfume when I get home late. Next she'll be dusting it for fingerprints! While sniffing this morning, she found a couple of pearls under the seat. I gave a friend a ride home and her necklace broke, that's all.

I've had logical reasons for everything, even the time she checked up on me at the poker game and I wasn't there.

I think she's trying to catch me with a woman so she can sock me with alimony. Other men don't have this trouble. Why me? SALESMAN

Dear Salesman: Somehow you didn't SELL me on your innocence either. Like the man says, "If you're going to pull the wool over your wife's eyes, be sure your yarn isn't full of holes!" H.

Dear Helen: I'm another of the large group of "Unmarried" wives. My first husband made life impossible for me and the children, but he won't give me a divorce. I could have won the suit, but I had no money for a contested case, and he threatened to have the children taken away from me. So I ran.

Finally, I found a man who is a wonderful "husband and father". We've been a married couple, with his name and no one knows. But I have been offered a good job in a nearby city. We need the money, mainly so I can go ahead with my divorce. My former husband isn't so vindictive now and I think it would work out.

Here's the problem. My Social Security card has one name, while I'm living under another. How do I manage this? UNMARRIED WIFE.

Dear "Wife": There is only one logical way to manage your problem: borrow the money for a quickie divorce, make your "marriage" legal, change your name in Social Security files, and take a job to help repay your loan.

If you can't possibly borrow, then go to work under your married name, and hope gossip does not filter back to your neighborhood.

A lawyer will help you straighten out your lives. Don't delay, for

until you're legally divorced and remarried, you and your family face all sorts of complications, and, believe me, your Social Security card mix-up is one of the least!

Dear Helen: Outside of sneaking in and cutting your son's hair while he sleeps, how do you get these young kids over the long tresses kick? Our son wants to look like he plays in a band. His father is a barber. How does that make us look, when people see a barber's kid with hair down to his shoulders? Do we cave in or fight? HAIRY PROBLEM

Dear H.P.: Here's how one California parent solved the problem. When his son pulled the classic rebuttal, "But Dad, Jesus and the apostles had long hair," the father answered, "True, but if you want to take your date to the movie Friday night, scrounge yourself a jackass. You'd be out of place in modern transportation like our car!" (And a tip of the hat to Louis Ruttie who told it first in the Navato Advance.)

So long as a child is supported by his parents, they can make reasonable demands about his appearance. Happy clipping! H.

This column is dedicated to family living, so if you're having kid trouble, or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Battel in care of Hope Star, Copyright, 1967, Inc.

Doubts Soviet Device Landed on Venus

By HENRY BRADSHAW
Associated Press Writer
MOSCOW (AP) — Soviet reports of Venus 4's space triumph indicate that the instrument package radioed back the formation from the atmosphere of the earth's sister planet not from its surface.

The reports also raise doubts that the device made a soft landing on Venus.

The planet's surface conditions still may be unknown in detail. The highest temperature recorded by Venus 4, 536 degrees Fahrenheit, and the greatest pressure, 15 times the earth's at sea level, could be readings of the atmosphere and not those of the planet itself.

A brief Soviet announcement Wednesday said data was radioed to earth while the instruments were floating toward Venus on a 15.5-mile, 90-minute course through the planet's atmosphere.

But there has been no Soviet claim that the instrument package, a rounded object 35.4 inches in diameter, was still transmitting when it reached the surface. Just where and why it stopped transmitting has not been disclosed.

Observers suggested that Soviet scientists may not know. One possible explanation is that the heat melted the instruments or burned up the parachute that was carrying them, sending the device crashing into the surface of Venus.

The official announcement said the instruments descended smoothly through the atmosphere and that they landed. But it did not claim a soft landing, in the sense of a space vehicle floating down intact on an object.

Terry robes complete a restful and beguiling ensemble. They are often seen in the hooded caftan style with embroidered ribbon around a zippered front opening. Turned-back sleeves lined with co-ordinated fabric with two rows of ball fringe across a wide yoke and sleeves makes a festive-looking shift.

LEATHER SHOES for day and evening wear are smarter than ever this season. For afternoon into late day (upper left) a combination of two colors—Chinese red suede leather and American patent leather for strap and heel by Stanley Philipson, will be favorites according to Leather Industries of America. For late day into evening (lower left) espresso brown suede sling-back pump with instep interest in the pommel of brown satin by Risque. To take leather further as a fashion asset, modified version of the trench coat (right) is in a pale golden suede, double-breasted, with accent on the low hip-buckled belt by Leathermode.

Figures the Longhorns Over Porks

By HARRY KING
Associated Press Writer
In the past eight years Arkansas and Texas have gotten together near the middle of October and the winner has emerged as one of the favorites for the Southwest Conference championship.

Saturday, they'll meet again at Little Rock but they'll be playing for survival in the conference race.

Arkansas has beaten TCU and tied Baylor. Texas lost to Texas Tech in its only SWC game.

A loss could severely hamper either team's conference aspirations but this could easily be one of the wildest SWC races in years. Only SMU and Rice have not been beaten or tied in conference play and they tie up Saturday in the Owls' conference opener.

Baylor maintained far better field position than Arkansas last week because the Razorbacks were unable to come up with a first down or two at their end of the field.

Texas, of course, has Super Bill Bradley and Chris Gilbert, who led the SWC in rushing last year as a sophomore. The Longhorns, who opened the season with a loss to Southern Cal, may have gotten on the right track last week with a 9-7 comeback victory over Oklahoma.

The Razorbacks definitely cannot afford fumbles, which have plagued them the first four games.

Arkansas quarterback John Eichler would have to have a fine day both running and throwing for the Razorbacks to defeat the Longhorns.

Texas 14, Arkansas 10.
Arkansas State University opens its Southland Conference season Saturday at Jonesboro against Abilene Christian. Lamar Tech walloped Abilene last week. ASU's freshman quarterback Cecil Lagrone has had a game under his belt and the Indians should be able to move the ball more consistently.

ASU 17, Abilene 7.

The big game in the Arkansas Intercollegiate Conference matches Southern State, 2-1 in the conference, against State College of Arkansas, 3-0, at Conway. The Muleriders have quarterback Stanley May and end Doug Freese but the Bears feature all-league quarterback Bobby Tiner and receivers Darrell Hatchett and Randy Crowell. SCA also proved last week that it could move the ball inside.

SCA 17, Southern State 10.
The only other conference

game matches Arkansas A&M and Henderson at Monticello. Henderson has lost its only league start but has the ability to score points. A&M probably has the best defense in the league and is 2-0-1 in conference play.

A&M 14, Henderson 6.
Tartleton, Tex., plays Arkansas Tech Friday at Russellville while Ouachita Baptist University hosts Austin College and Harding plays at Maryville, Tenn., Saturday in other AIC action.

Arkansas Tech 10, Tartleton 7.
OBU 20, Austin College 14.

Worsley Has Recaptured Magic Touch

By THE ASSOCIATED PRESS
Grumpy Gump Worsley, who lost his cool two nights ago, has recaptured his magic touch, and put the Toronto Maple Leafs in a deep freeze.

Worsley, Montreal's 38-year-old goaltender, breezed to the 30th shutout of his National Hockey League career Thursday night as the Canadiens blanked Toronto 1-0 on Yvan Cournoyer's fifth goal in five games.

It was a brilliant turnaround for the chubby goalie, who squandered a third-period lead Wednesday night at New York ... and then blew his top in the closing minutes of a 2-2 standoff against the Rangers.

After New York's tying goal, Worsley, a former Ranger, answered a fusillade of debris from the stands with a series of menacing gestures, then tangled with several fans.

He controlled his emotions ... and the Maple Leafs ... in Thursday night's game at the Montreal Forum, brisling aside 15 shots as the Canadiens held a share of first place in the NHL's Eastern Division.

Elsewhere, the amazing Boston Bruins kept pace with Montreal by drubbing Detroit 6-3 and the Philadelphia Flyers nipped Pittsburgh 1-0 behind rookie goalie Doug Favell.

Fred Stanfield drilled two goals just 27 seconds apart in the second period, leading the unbeaten Bruins past the Red Wings at Detroit. Stanfield, who scored twice against his former Chicago teammates Wednesday night, sent the Bruins ahead to stay 62 seconds after they pulled even 2-2 on rookie Derek Sanderson's goal.

Phil Esposito, Eddie Shack and Johnny Bucyk also tallied for the Bruins, who finished in the NHL cellar a year ago but have poured in 23 goals en route to a 3-0-1 record this season.

Favell handled 17 shots and Bill Sutherland broke a scoreless deadlock early in the third

Magnolia Coming Here Tonight

By RALPH ROUNTON
Star Sports Writer
Tonight's opponent for the Hope of traditional Class 4-AA rivals, the Magnolia Panthers.

For the past two years the Panthers have dominated the series, taking 37-0 and 20-0 wins. However, last year's contest was actually a very close match, with the Bobcats' backs being broken on a breakout TD run late in the first half for Magnolia's second score.

This season the Panthers have a new head coach, Don Hubbard. Hubbard had many fine teams while at DeQueen, and his first team at Magnolia is another well-coached club.

Presently sporting a 5-1-1 record, the Panthers employ the platoon system, with 11 offensive starters and 11 defensive first-teamers. They are big and have plenty of depth, averaging 173 pounds per man on offense and 177 per man on defense. Of their 22 starters, nine are seniors, 11 are juniors, and two are sophomores.

The Panthers have plenty of line to lead up the running of swift halfbacks Larry Eddy and Tim Ellis and fullback Danny Hasley. These boys are the cream of Magnolia Jr. High's three-year unbeaten string, and it's beginning to tell on the MHS records.

Punt and Pass Competition on Saturday

The Ford Motor Co. has chosen Hope as the site for the 1967 Zone Punt, Pass and Kick Competition. The competition will be held at K-Park on Saturday morning, Oct. 21st, beginning at 10:00. Forty two boys, age 8 through 13, from Hope, Prescott, Camden, Glenwood, Magnolia, DeQueen and Gurdon will take part in the competition which will send a winner in each age group to Memphis the following week end for District Competition.

This event, formally scheduled for Legion Field has been moved to K-Park because of more appropriate seating facilities.

Each participant will get one attempt only at punting, passing and kicking a football for distance and accuracy. As in local competition, boys will compete only against others within their own age group.

Representing Hope Saturday will be: Jim Stuart - 8 yrs. old, David Cobb - 9 yrs. old, Mark Cathy - 10 yrs. old, Robin Lee - 11 yrs. old, David Huddleston - 12 yrs. old, and Mike Treat - 13 yrs. old.

The public is invited to come out and watch this competition and support the local youngsters involved.

Winners in the local Punt, Pass and Kick program, held at Legion Field on Saturday, Oct. 14th are as follows:

8 Yr. Olds: 1st - Jim Stuart 149", 2nd - Danny Wilson 128" and 3rd - Dean LaGrone 92".
9 Yr. Olds: 1st - David Cobb 156", 2nd - Douglas Allen 136" and 3rd - Richard Wilson 121".
10 Yr. Olds: 1st - Mark Cathy 218", 2nd - James H. Rhodes 199", 3rd - Scott Moore 195" and 4th - Tommy Johnson 180".
11 Yr. Olds: 1st - Robin Lee 186", 2nd - Gary W. Rhodes 182" and 3rd - Don Still 160".
12 Yr. Olds: 1st - David Huddleston 272", 2nd - Mike Pinegar 250" and 3rd - Wade Harris 232".
13 Yr. Olds: 1st - Mike Treat 249".

A fourth place award is being given in the 10 year old group because of the large number of contestants entered in this age group and because of the exceptionally high scores in even up to 5th place.

Each winner will receive a beautiful medal figurine of a football player. These awards will be presented before the start of the High School Football game on Friday, Oct. 20th.

The Punt, Pass and Kick Competition is sponsored annually by the Hope Auto Co. with the Parks and Recreation Department as Co-Sponsors. Over the past 4 years, 250 boys have taken part in this program with 72 having received awards.

This competition is continued up until the competitors participate in a National playoff. This year Hope has been chosen as the site of the Zone Competition, which will bring in the 6 winners from all other participating areas.

Hope's 1st place winners will take part in the Zone competition next Saturday morning at 10:00 at K-Park. Hope will be represented by Jim Stuart, David Cobb, Mark Cathy, Robin Lee, David

Kansas City to Oakland Next Season

Now that the Kansas City franchise in the American League has been shifted to Oakland, Calif., baseball interest centered today on the identity of the man owner Charles O. Finley has selected to manage the Oakland Athletics next year.

It's still a guess whom Finley will tap for the job. He has said only that the man already has been selected and "I will name my new manager this weekend in Oakland."

The Chicago Sun-Times reported Thursday that Bob Kennedy, former head coach of the Chicago Cubs, has been picked by Finley.

"Kennedy came to Chicago from his home in Mesa, Ariz., to discuss the situation with Finley," the Sun-Times said. "He reportedly came to terms with Finley."

If the 47-year-old Kennedy succeeds Al Dark and Luke Appling as A's manager, he will be sixth new manager named for the 1968 season.

Dark, dismissed by Finley in August and succeeded by Appling, will manage Cleveland next year. The other new managers are Gil Hodges, New York Mets, Luman Harris, Atlanta Braves, Larry Shepard, Pittsburgh Pirates and Jim Lemon, Washington Senators.

Billy Martin, Minnesota coach who reportedly was considered for the Oakland post, said he hadn't heard from Finley, but that he had received an offer from Bill Rigney, manager of the California Angels.

"Rigney called me and made a real nice offer to be the Angels' third base coach," Martin said. He added he hadn't made a decision pending a talk with Calvin Griffith, president of the Minnesota club.

Warren Giles, president of the National League, said that he had not yet called any expansion meeting for the NL. The American League, at its meeting in Chicago Wednesday when it voted for the switch of Kansas City to Oakland, also approved expansion to 12 teams no later than 1971 and possibly as early as 1969, Kansas City and Seattle would get the new franchises.

Giles said that major league expansion should be undertaken jointly by both the AL and NL and "in an orderly fashion." He added three years would be a "reasonable time."

Joe Cronin, president of the American League, said he had asked Commissioner William D. Eckert to call a joint meeting to discuss the A L expansion plans. A spokesman for the commissioner said that Eckert had not yet set any date for a joint meeting.

Cronin said he hoped the NL would expand, too. "I'd like to see it," Cronin declared. "I think expansion is inevitable."

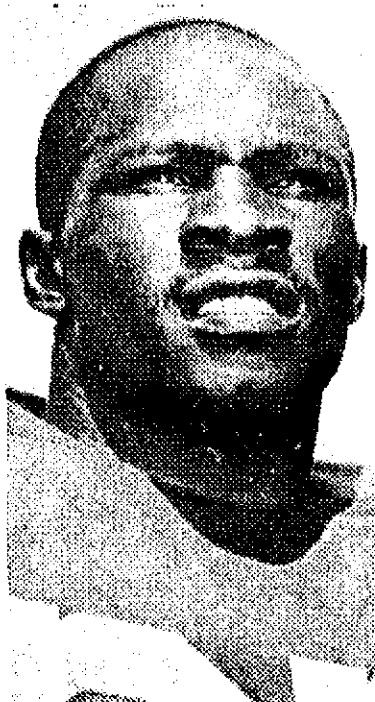

Giles said that the NL has applications for franchises from several cities. He did not name them.

In other developments Thursday, pitcher Dean Chance of Minnesota, was named the AL Comeback Player of the Year for 1967 by The Associated Press and Minnesota sold outfielder Andy Kosco to the Athletics for \$25,000.

Al Jackson, southpaw pitcher with St. Louis, was sent back to the New York Mets in completion of the deal which sent Jack Lamabe, a right-hander, to the Cardinals in July. The Cards also asked waivers on catcher John Romano and pitcher Hal Woodeshick.

Pitcher Johnny Podres and infielder Jerry Lumpe, both veterans, were released by the Detroit Tigers.

Huddleston and Mike Treat. The competition will be held rain or shine because of a time schedule that must be followed. Let's all come out and see a fine display of football skills and back on local boys. Zone winners will travel to Memphis and will have an opportunity to eventually compete in the National Competition on national television.

THE BUNIONS of Emerson Booser don't prevent him from running nimbly through enemy lines as he piles up yards for the New York Jets in his second pro season.

Tigers to Play Host to Ashdown

By CHARLES JONES
Yerger Sports Writer

The Yerger High Tigers play host to the Ashdown Panthers Saturday night at Hammons Stadium, the game starts at 7:30 p.m.

Captains for the occasion will be Spencer Brown, Richard Carter and Chris Hindman. This is the first inter-racial contest for the Tigers who are a member of the Arkansas Athletic Association.

The Yerger students, teachers and the entire community are going all out to be the perfect host for the Panthers, according to Principal Will V. Rutherford.

Bodcaw's Junior boys and Blevins Junior girls were the winners. In the boys finals Bodcaw defeated Blevins 17 to 8; Spring Hill edged Laneburg 13-12 in the consolation contest.

The Blevins Junior girls beat Spring Hill 22-8 to win the girls division. Laneburg defeated Bodcaw 21 to 12 in the consolation contest.

\$100,000 Added Stakes Saturday

By ORLO ROBERTSON
Associated Press Sports Writer

Two \$100,000-added stakes, one of which could have an important bearing on the United States' representatives in the Nov. 11 running of the Washington, D.C., International, headline Saturday's thoroughbred racing card with Dr. Fager and Assagai the chief attractions.

Dr. Fager, from W. L. McKnight's Tartan Stable, goes in the 11:45 miles of the Gold Cup at Hawthorne in his first start since finishing third back of Danamarcus and Buckpasser in the Sept. 30 Woodward at Aqueduct.

Assagai, 1966 national grass course champion owned by Charles W. Engelhard, heads a probably field of 12 in the 1:40 miles of the Man o' War on the turf at Aqueduct. To the winner probably will go an invitation to John Danamarcus as the U.S. representative in the International at Laurel, Md.

Dr. Fager has earned nearly \$175,000 this year while compiling an enviable record of five firsts and one third in seven starts during a campaign in which he was disqualified out of first money in the Jersey Derby.

Not more than six are expected to take on the Tartan speedster, which gave seven pounds to Danamarcus and nine to the flashy Whimper Jet.

Assagai, third back of Danamarcus from France and Kenya in last year's International, hasn't the glittering credentials he posted during his 13-year-old career of 1966 when he won the Man o' War but did not record three wins in the latest money division of the Long Island Handicap Oct. 2, and four second for earnings of \$114,000.

All Teams in Top 10 See Action

By ED SCHWYLER JR.
Associated Press Sports Writer
Bubba Wyche gets a chance Saturday to be the Volunteer of the Year.

The 21-year-old junior from Atlanta didn't ask to be starting quarterback, but because of injuries, that's what he'll be when the seventh-ranked Tennessee Volunteers meet No. 6 Alabama in the big game of the college football weekend.

To Wyche is given the burden of penetrating an Alabama defense, which is not as potent as in past seasons but has been good enough to help keep the Crimson Tide undefeated in four games.

Wyche did the job last Saturday when he replaced injured Charlie Fulton in the first quarter and guided the Vols to a 24-13 victory over Georgia Tech. Fulton, who started the season at tailback, moved to quarterback when the talented Dewey Warren injured a knee in the 27-13 victory over Auburn.

Warren will be in uniform and might see action, but Fulton will not play because of a broken rib.

All of the other top 10 also see action Saturday.

No. 1 Southern California is at Washington, second-ranked Purdue is at home against Oregon State, UCLA is at Stanford, No. 4 Colorado is at Nebraska, Wake Forest plays at No. 5 North Carolina State at night, Virginia Military is at eight-ranked Georgia, No. 9 Houston is at Mississippi State and No. 10 Wyoming is at Wichita State.

Colorado, 4-0, figures to have the toughest time, although Southern California, too, could get much in re-buffed from a stiffen from Washington, winner of four straight after a surprising loss in their last game.

The total of 100,000 added stakes is as important as the big prize race as the teams in the National Conference play out the Southeastern Conference fight. Besides staying in the conference, the battle, Nebraska will be out to make a bid for last week's top spot in the rankings.

In their first day game, Clemson 1 at Duke, Notre Dame at Illinois, Indiana at Michigan, Michigan State at Minnesota, Miami at Florida at Pittsburgh, Texas Tech at Florida State, Auburn at Georgia Tech, Kansas at Oklahoma State, Oklahoma at Tulsa, Texas A&M at Texas Tech, and Arizona State at Washington State and Texas at Arkansas, which will be nationally televised.

Kentucky is at Louisiana State, Virginia at South Carolina, Air Force at Tulane, Southern Methodist at Rice, West Texas State at New Mexico State and Utah at Arizona in other night games.

POWER FAILURE
Delays Flight
ATLANTA, Ga. (AP) - A
power failure in a stewardess's
apartment delayed the depart-
ure Wednesday of a Piedmont
Airlines flight, an airline official
said.

The power failure silenced her
electric alarm. A frantic airline
official finally telephoned the
stewardess, but by the time she
arrived at the Atlanta airport,
flight 606 from Atlanta to Wash-
ington, D.C. had been delayed
33 minutes.

The airline said few of the
passengers were angry.
"We just told them the truth,"
said Piedmont station manager

Named to Baptist Board

DEAN MURPHY

Dean E. Murphy, a dedicated
Baptist and a prominent busi-
ness man of Hope has been elec-
ted to the Board of Advisors of
the Baptist Foundation of Ameri-
ca.

The Foundation, designed by a
group of Christian men who had
long felt the need for such an or-
ganization, filed articles of In-
corporation with the State of
California in July of 1966.

Dr. T. Sherron Jackson, Presi-
dent, stated "I have been amaz-
ed beyond any ability to describe
the hand of God upon this new
Foundation."

The purpose of the organiza-
tion is to assist the educational
institutions of the North Ameri-
can Baptist Association; To build
a new college, to support the
broadcasting of the gospel on
every missionary radio station
on earth, to build at least one
hospital complex and a retire-
ment community. In addition, it
will help with the publication of
books essential to the Baptist
heritage, and contribute to the
Christian education of those de-
serving assistance.

Properties owned by the Founda-
tion are valued at more than
8 million dollars and include
the famous old Del-Mar Hotel
on a beautiful 10 acre site fac-
ing the ocean at Del-Mar Califor-
nia, 25 acres in the San Fern-
ando Valley where the hospital
complex, including the Nurses'
College is planned, 53 acres
in Oklahoma City, Oklahoma
where the college for higher
Christian Education will be lo-
cated, a Senior Citizen's hous-
ing project in Ontario, Califor-
nia and others.

The Foundation enjoys sound
legal advice and has some of the
finest architects in America.

Mr. Murphy and his family
came to Hope in December of
1956. He owns and operates
Dean's Truck Stop on Hwy. 67
West.

Mr. Murphy is a member of
the First Baptist Church of Hope,
is a Deacon and until recently
had taught a Men's Bible Class
for many years.

Remodeling Bid \$87,888

LITTLE ROCK (AP) - James
H. Cone, Inc., of Little Rock,
submitted an apparent low bid
of \$87,888 Wednesday for re-
modeling connected with the
conversion of the state Tubercu-
losis Sanatorium at McRae to the
McRae Unit of the Arkansas
Children's Colony.

Suddenly the Bridge Divided

LONG BEACH, Calif. (AP) -
Guess what happened when
Gary Pierce, 21, and his wife
Pamela, 19, were driving slowly
across the Long Beach pontoon
bridge—50 feet above water?
The bridge divided to let a
boat through.
The car plunged into the
ocean, but the couple leaped to
safety.

Unidentified Objects Seen

ASTORIA, Ore. (AP) - Po-
lice said Wednesday they re-
ceived a dozen calls saying an
unidentified flying object was
seen near Swenson, east of Asto-
ria.

Officers found a four-foot-tall
Department of Agriculture in-
sect trap, which they said gives
off a blue glow at night.

'Natacha' Is Darling of Pre-olympics

MEXICO CITY (AP) — Natalia "Natacha" Kutchinskaya, a green-eyed, ash-blond Russian charmer who has been the darling of the Mexican press since her arrival here, showed Thursday night that she has ability to match her looks.

The 18-year-old three-time world champion won three of four women's gymnastic finals and in all collected four gold medals in the Pre-Olympics.

Miss Kutchinskaya won gold medals in the rings, fixed bar, horizontal bar and parallel bars. But the two gymnasts had to share the spotlight with Russian long jumper Igor Ter-Ovanesyan, who tied American Ralph

Boston's world record with a leap of 27 feet, 4 1/2 inches. Boston did not compete.

It was a slim day for the United States. The Yanks have won four golds to seven for Japan and 16 for the Soviet Union. The Americans could pull down but two silver and two bronze medals Thursday.

The silvers were won by Charlotte Cooke of Washington in the women's 800 meters and Joseph Puelo of Detroit in light heavyweight weightlifting.

The bronze medals went to Mamie Rollins of Chicago in the women's 80-meter hurdles and the U.S. modern pentathlon team.

Miss Cooke finished second behind Vera Nilolic of Yugoslavia, who was timed in 2 minutes, 5.3 seconds. Miss Cooke, who earlier in the week won the 400 meters, was timed in 2:07.5. Doris Brown of Seattle, Wash., was sixth in 2:09.6.

Puelo, a 25-year-old University of Michigan history professor, lifted a total of 1,039.5 pounds to finish second behind Norbert Ozimek of Poland who lifted 1,045 pounds. Puelo's total lift was a new American mark and his

341 pounds in the press tied an Olympic record. His 390.5 pounds in the jerk also was an American record.

Puelo failed to make his ninth lift of the event because of a foot injury.

Miss Rollins was third in her event behind Britain's Mary Rand and Abby Jones, also of Britain. Miss Rand and Miss Jones each was timed in 10.8. Miss Rollins was clocked in 10.9. Pat Winslow of San Mateo, Calif., was eighth in 11.6.

The U.S. pentathlon team got its third place with 11,529 points. Hungary won with 13,558 points, and Russia was second with 12,708. No American finished in the individual top three in the individual competition which was won by Russia's Startis Shapovalov.

Rick Sloan of Anaheim, Calif., made the best U.S. showing in the decathlon, a fourth place with 6,991 points. Werner Duntweller of Switzerland won with 7,574 points.

Other gold medal winners Thursday included Mohamed Gamoudi of Tunisia in the 5,000-meter run. He earlier won the 10,000 meters.

Dean Chance Tops in ERA in Baseball

WOOSTER, Ohio (AP) — Dean Chance was one of the top pitchers in the American League in 1964, winning 20 games for the California Angels and posting a league-leading 1.65 ERA.

He slipped to a 15-10 won-loss record the next year, then had his worst season in the major—12 won and 17 lost—in 1966. The Angels sent him to the Minnesota Twins as part of a four-player trade.

Chance bounced back this year for another big season, winning 20 games, including a no-hitter against the Cleveland Indians Aug. 25.

The achievement won him the selection as American League Comeback Player of the Year Thursday.

The 355 baseball writers and broadcasters taking part in the annual Associated Press poll gave Chance 156 votes to 59 for Bob Allison, also of the Twins, 33 for Mickey Mantle of the New York Yankees, 26 for Carl Yast-

Juniors Lose Homecoming Game

Speculation on Dream Golf Match

By WILL GRIMSLEY
Associated Press Sports Writer
HOUSTON, Tex. (AP) — How about a Ryder Cup match pitting players such as Arnold Palmer, Jack Nicklaus and Bill Casper against a British Commonwealth team including Gary Player of South Africa, George Knudson of Canada and Bob Charles of New Zealand, among others?

Such was the widespread speculation as one of sport's most one-sided competitions—the biennial golf series between the top pros of the U. S. and Britain—opened today over the sprawling Champions' Cypress Creek course.

"It would be a tough match," said Palmer.

"They might even beat us," added Johnny Pott.

American pros have made a mockery of the Ryder Cup, which grew out of a discussion over afternoon tea in 1926, winning 13 meetings, losing only three and never dropping a decision on this side of the Atlantic.

They are prohibitive favorites to continue that mastery in the 17th match, starting with eight Scotch two-ball foursome matches today.

Here is the line-up for the opening 18-hole matches, in which two-man teams play one ball, hitting alternate shots: Julius Boros and Bill Casper, United States, vs. George Will and Brian Huggett, Britain.

Arnold Palmer and Gardner Dickinson, United States, vs. Christy O'Connor and Peter Alliss, Britain.

Doug Sanders and Gay Brewer, United States, vs. Tony Jacklin and Dave Thomas, Britain.

Bobby Nichols and Johnny Pott, United States, vs. Bernard Lazzarini and Bill Frierhan of the Detroit Tigers.

Allison had his best year since 1964, hitting 24 homers, driving in 75 runs and hitting .256. He was hampered by injuries last year and batted only .220 in 70 games with eight homers and 19 RBIs.

The 36-year-old Alliss had a .312 batting average from outfield to first base and pounded out 22 home runs in 1967.

Hunt and Neil Coles, Britain.

Eight four-ball matches, the better ball counting, are scheduled Saturday with 16 singles contests completing the series Sunday.

Texas, Rice and A&M Are Favored

By HAROLD V. RATLIFF
Associated Press Sports Writer
Texas, Rice and Texas A&M are favored to win Southwest Conference football games this week, and if predictions are up-held Rice will be leading the league come Saturday night.

But forecasts have been as erratic as the weather of late, and it could be that Southern Methodist or Arkansas will be on top when the last gun fires.

Texas goes into the Ozarks for its annual melee with the Arkansas Razorbacks, with the loser to fall out of contention in the title race.

Rice is host to Southern Methodist, which right now is on top of the heap through a 20-17 victory over Texas A&M Sept. 16 although it has lost three straight since then. Those three happened to be nonconference games.

Texas A&M, all pepped up at winning its first game of the season last week—a 28-24 triumph over Texas Tech, goes to Fort Worth to play the Texas Christian Horned Frogs, who haven't won yet.

Baylor, which only has a 10-10 tie with Arkansas to show for its conference efforts, tests this week while Texas Tech journeys to Florida to play Florida State in the lone inter-sectional game. Tech is a 6 1/2-point underdog.

While the Rice-SMU game may mean more and the Aggie-TCU rivalry is most attractive, major interest, as usual, rests on Little Rock, where Texas and Arkansas clash in one of the two key games on the schedule.

It will be nationally televised, which doesn't augur good things for Texas. The two teams have met before the cameras three times in the past seven years and Arkansas has won all three.

However, Texas is a 5 1/2-point favorite since it seems to have more skill than the sophomoreish Razorbacks, with Bill Bradley finally hitting his stride and the whole Longhorn team looking up since that fine last half comeback in beating Oklahoma 9-7 last week.

Eureka Springs,
War Eagle Fair
— But No Elevator

I had an amusing telephone conversation Wednesday night when this was written. It had to be written in advance because by the time you read it L. Carter Johnson and your editor should be on an annual visit to Eureka Springs and War Eagle.

We have reservations at Eureka's Crescent hotel for Friday and Saturday nights, and will visit the Ozarks Arts & Crafts Fair at War Eagle Saturday and Sunday. It's our third trip to Eureka, being there in October of 1965 and 1966, and our second to War Eagle, having seen the 1966 Fair.

Our color pictures of the handcraft Fair didn't turn out, although we did bring back a page of black-and-whites — and so we'll reshoot the color this year.

The War Eagle show is on a farm with some permanent exhibit buildings but most of the traffic parades through a couple of huge tents. Inside it's dark as Egypt, and in 1966 I simply misjudged the amount of electronic flash required for the relatively slow Ektachrome color film in our 4x5 camera. Ernie Deane, former Arkansas Gazette state columnist now with the University News Service, inquired after last year's Fair if he could borrow some of my color shots, and I was pained to inform him I was out of pocket myself — an understandable conversation between two camera veterans.

Did I open this column with mention of an amusing telephone conversation? Well, it wasn't really so funny. I got reservations for Johnson and myself at the Crescent hotel—but at a price in physical exertion.

At first the hotel reported it was fresh out of reservations. But then the voice on the wire remembered us from past visits and said cautiously:

"Well, we do have some rooms on the fourth floor, but we don't like to offer them because, if you haven't heard, our elevator is out of order."

Johnson had warned me about this. The Crescent had a fire last Spring which damaged the upper floors, and when he and Paul A. Lewis stopped there after the TV game in Fayetteville they had to walk up to their third-floor room. "Try," Johnson told me, "to get something on the second floor, just above the lobby."

I recounted all this to the voice in Eureka, and she had a happy thought:

"I'll tell you something—we always have some last-minute cancellations, and in any event I think we can find something for you in the terrace rooms."

Terrace rooms? Wouldn't they be overlooking the lawn—certainly more down-to-earth than the elevatorless fourth floor? Hopefully I let it go for future discovery, and Johnson, hearing my report, was just as much in the dark as I was.

The Ozarks are a magic place to Arkansians and are now being discovered by thousands of outsiders. California and Florida have nothing quite like this remote and charming section.

At times you feel you are completely cut off from the rest of the world. A year ago Johnson and I were holed up in the Crescent BE—Before Five—and we wanted to listen to a razorback game being played at night in Little Rock. I had a transistor portable AM-FM radio—but the AM channels proved Eureka was the great American radio desert. Nothing from Little Rock, Fort Smith or Fayetteville, and the Eureka local station was off the air at night. But I finally got the game—over FM from Harrison about 60 miles away, to the delight of the crowd around us in the hotel lobby.

But this time we'll avoid such a hazard. Texas will be playing Arkansas Saturday afternoon in Little Rock—and we'll have no trouble keeping in touch.

Convict Walks Off at Tucker

TUCKER PRISON FARM, Ark. (AP)—Clem Bice, 26, escaped from Tucker Prison Farm Thursday when he apparently walked off a work detail.

Bice was serving a five-year term for grand larceny from Craighead County, authorities said.

DETROIT (AP)—What could be one of the richest labor contracts ever in a manufacturing industry appeared all but locked up today as negotiators for Ford Motor Co. and the striking United Auto Workers remained closed in marathon bargaining for nearly 24 hours.

"When I leave here today I expect it will be after an announcement," said a bargaining table source, caught in a brief postdawn recess.

Asked if he meant an announcement of settlement, the source said "Yes."

He did not elaborate on the contract.

Whatever agreement is reached was expected, however, to be tentative until ratifying meetings are held—probably Sunday—and even then a complete end to the industry's fourth longest strike—may not be in sight.

Most recent settlements in the industry have been followed by local walkouts where bargaining have been unable to reach at-the-plant agreements. Sources said today that the majority of these local agreements have not been reached.

The 12-story Ford headquarters in suburban Dearborn, scene of the talks, was a bustle of activity in the predawn hours and it was learned that a free lance broker had been roused out of bed shortly after midnight to record advertisements for Lincoln-Mercury saying the strike was over and the 1968 models would be plentiful.

Mail Increase to Be Costly

LITTLE ROCK (AP)—Mail rate increases that are expected to go into effect the first of next year could add more than \$47,000 a year onto the state Revenue Department, officials said Thursday.

Department officials said funds would have to be diverted from other programs because the additional costs were not budgeted by the General Assembly for the current biennium.

The Revenue Department annually mails a minimum of 4,120,000 pieces of mail at the first class rate which will increase 20 per cent. A 32 per cent increase on the third class bulk rate will affect 660,600 cards and letters.

Mansfield Would Junk Directive to Cut U.S. Spending \$8 Billion

By JOHN CHADWICK

WASHINGTON (AP)—Senate Appropriations Committee members indicate they are unwilling to follow the budget-slashing House in its tug-of-war with President Johnson over government spending.

Democratic Leader Mike Mansfield, a committee member, said he favored junking a House directive that the President cut expenditures an estimated \$6 billion to \$8 billion in the current budget year ending June 30, 1968.

Committee Republicans expressed doubt the House measure is workable but said they are exploring different approaches aimed at achieving substantial spending reductions.

Another committee meeting was called for today after a hearing Thursday at which Budget Director Charles L. Schultz testified the precise impact of the House resolution would depend on legal interpretations of its language.

Schultz estimated the measure would force expenditure cuts of something like \$6 billion to \$8 billion.

The key provision would require government spending, with some important exceptions, to be held to last year's level.

Southern Democrats and Republicans in the House teamed to write spending limitations into an emergency measure to finance for another month government departments whose regular appropriations for the current fiscal year have not yet been voted.

LITTLE ROCK (AP)—Federal Judge J. Smith Henley set fees Thursday for the trustees and attorneys in the six-year-old court case of the Insolvent Twentieth Century Foods Corp. of Salem at \$88,950.

The federal Securities and Exchange Commission had recommended \$70,700, but the fees were \$58,000 less than trustees and attorneys had requested.

The corporation, which owns a cheese plant at Salem and a feed plant at Concordia, Mo., is to be taken over by its creditors under a plan approved by Henley in June.

Bloody Clash in Anti-War Rioting

An antiwar rally at Brooklyn College erupted Thursday in a bloody clash between demonstrators and police after more than 40 of the protesting students and two faculty members were arrested.

In Oakland, California, police braced today against a threatened resumption of demonstrations at the Oakland Armed Forces Induction Center at the end of a sometimes violent "Stop the Draft Week."

University of Wisconsin faculty members meanwhile gave a reluctant vote of confidence to Chancellor William Sewell who initiated a get tough policy with unruly student demonstrators on the Madison campus.

Nov. 20 at 11 a.m. U.S. Population Will Be 200 Million

By JOSEPH R. COYNE
Associated Press Writer
WASHINGTON (AP)—About 11 a.m. Nov. 20, the United States will reach a milestone achieved only by three other nations in history—a population of 200 million.

That's the time pinpointed by the Census Bureau, which is already arranging a round of ceremonies one official said will include a "few breathtaking moments" while its automatic population counter clicks to 200 million.

Only China, India and the Soviet Union have populations exceeding 200 million.

It took the United States until 1915 to reach its first 100 million; 52 years to reach its second 100 million, but the third 100 million could come in 35 years, even by 1990 under one bullish projection.

When the first census was taken in 1790, the bureau counted 3,929,214 persons, all on the Eastern Seaboard. Since then, Americans have taken the advice of Horace Greeley and moved westward.

The center of population in 1790 was 23 miles east of Baltimore while now it's less than 50 miles east of St. Louis and the westward movement is continuing.

In a report issued earlier this month, the bureau said the West's share of the nation's population will increase to 19.4 per cent in 1985 compared with

Typhoon Has Curtailed War Action

By GEORGE ESPER
Associated Press Writer
SAIGON (AP)—Typhoon Carla ran out of steam today but its backlash of winds and rain apparently curtailed the U.S. air war against North Vietnam for the second day in a row.

Carla's center winds over the Gulf of Tonkin dwindled to a piffling 29 miles an hour, but the storm washed out all strikes Thursday by U.S. Navy planes from the three carriers in the gulf.

All air strikes Thursday were flown by Air Force and Marine fighter-bombers from Thailand or South Vietnam. They managed 77 attack missions, including an attack on a railroad bridge 70 miles northwest of Hanoi and infiltration routes and transport facilities in the southern half of North Vietnam.

Reports on Friday's operations over the north will not be available until Saturday, but military spokesmen indicated the storm still was cutting into naval air operations.

16.5 per cent in 1965, at the expense of the Northeast and North Central states.

Population in the South is expected to remain at roughly its present percentage of just over 31 per cent.

Negroes will comprise about 11 per cent of the 200 million Americans, including servicemen overseas. But this is far below the 20.3 per cent nonwhite population counted in the 1790 census.

Since the 1960 census, when 179,323,175 Americans were counted, California has replaced New York as the most populous state and Los Angeles has overtaken Chicago as the second largest metropolitan area. New York City is in front by far.

The 200 million ceremony will be held in the lobby of the Commerce Department where the census clock—a Washington tourist attraction—clicks off a new American every 13½ seconds based on births, deaths and migrations.

Took \$34,750, Fined Only \$5,000

LITTLE ROCK (AP)—Elvin J. Taylor Jr., 35, former president of the Merchants and Planters Bank of Clarendon, was fined \$5,000 and placed on probation for 18 months after pleading guilty of embezzling \$34,750 from the bank Sept. 30, 1965.

Taylor, who now lives at Hamphill, Tex., resigned from the bank on Aug. 4, 1966, after irregularities were disclosed in a routine examination of the bank's records.

Taylor's attorney, Harry E. McDermott Jr., of Little Rock, told Judge Gordon E. Young that Taylor had used the money to buy stock in the bank and he had replaced the money when he resold the stock.

McDermott said Taylor was now operating an insurance and small loan agency at Hamphill where the people "were fully aware of the transaction. They accepted him back into the community, knowing what had happened, and allowed him to re-enter business and cooperated with him."

Troops Sent in to Keep Demonstrators Away From Pentagon

By FRED S. HOFFMAN
AP Military Writer
WASHINGTON (AP)—Defense officials airlifted troops from as far away as California to counter antiwar demonstrators threatening today to ignore government restrictions and lay siege to the Pentagon with "acts of civil disobedience."

Between 15 and 20 Air Force transport planes unloaded hundreds of Army military policemen Thursday after flying them from Ft. Bragg, N.C., Ft. Hood, Texas, and the Presidio in San Francisco. The MPs were the vanguard of what could grow to 5,000 regulars mustered to cope with what some organizers expect to be 70,000 demonstrators bent on shutting down the Pentagon, symbol of the Vietnam war they oppose.

After days of haggling with federal authorities, leaders of the National Mobilization Committee to End the War in Vietnam accepted late Thursday a permit specifying ground rules for the massive demonstration Saturday and Sunday.

But Dave Dellinger, committee chairman, said his group intends "to engage in acts of civil disobedience which may very well entail action beyond the scope of the permit."

He did not say what such acts would involve, but organizers of the protest have said in the past they want to bring the Pentagon's operations to a halt.

A few hours later, Dellinger distributed another statement claiming that "some of the conditions of the permit impose unconstitutional restrictions on our fundamental democratic rights—such as our rights of peaceful picketing and assembly for redress of grievances."

Dellinger objected because "the Pentagon will only allow picketing in a small restricted area."

Officials said the terms of the permit allow the demonstrators to set up a stand and loudspeaker in a parking lot well removed from the Pentagon, and to confine their picketing to a grassy triangle about 100 yards from one of the main entrances.

The permit, issued by the General Services Administration which runs government buildings, also covers meetings at the Lincoln Memorial before the climactic demonstrations at the Pentagon.

The Washington police force is expected to order nearly half of its 2,700 members to duty Saturday. They will be reinforced by about 2,000 District of Columbia National Guardsmen, deputized to serve as police. They will confine their patrols to the city, and will not cross the Potomac to help out at the Pentagon, officials said.

7 Convicted in Rights Slayings

Meridian, Miss. (AP)—Seven Mississippians were convicted and eight others acquitted by an all-white federal court jury today on conspiracy charges stemming from the 1964 backwoods slaying of three young civil rights workers.

U.S. Dist. Court Judge Harold Cox declared a mistrial in the cases of three of the 18 on trial.

By JAMES BONNEY
Associated Press Writer
MERIDIAN, Miss. (AP)—A "hopelessly deadlocked" federal jury sought to resolve differences today and reach a verdict in the trial of 18 white men charged with conspiracy in the deaths of three civil rights workers in 1964. The all-white panel of seven women and five men had deliberated more than 14 hours since it was given the case late Wednesday.

Five times the jurors passed notes to U.S. Dist. Court Judge Harold Cox asking for more instructions. He refused until late Thursday when one of the notes said the jury was hopelessly deadlocked.

The judge then delivered what attorneys termed a "supercharge" to the panel. The charge, first read in 1896 to a deadlocked jury, was a booster reminding the jurors that they should consider the majority in their deliberations but not yield any of their convictions.

"This is an important case," Judge Cox told the jurors. "This trial has been extensive and expensive both to the prosecution and the defense. There's no reason to believe that another trial might not be equally expensive."

"Costs, time or expense is not involved in justice," defense attorney Mike Watkins told the judge in objecting to the new charge.

Discovery of the bodies of Michael Schwerner, 24, Andrew Goodman, 20, both from New York, and James Chaney, 22, a Meridian Negro, in a Neshoba County farm pond dam in August 1964 sparked an FBI investigation which resulted in the trial.

Judge Cox told the jury it could acquit some of the defendants, convict others and report themselves deadlocked on others. He said each defendant was entitled to a separate verdict although the 18 were tried as a group.

Motions for directed verdicts of acquittal for five defendants were taken under advisement by Judge Cox before the case went to the jury. It was possible for him to overrule the panel's decision.

The acquittal motions applied to E.G. "Hop" Barnett, Democratic nominee for sheriff of Neshoba County; Lawrence Rainey, present sheriff of Neshoba County; Richard Willis, a former Philadelphia, Miss., policeman; Herman Tucker, a bulldozer operator; and Olen Burroughs, owner of the property where the bodies were found.
